**LEO RICH ARPS, DPAGB, EFIAP/g, HonPAGB**

**TALK “LUCKY LEO - THE FINALE (O)”**

Leo first became interested in photography when a schoolboy and taught himself how to take, process and print films. When colour film became more readily available he changed to colour slide work - though does still print, occasionally.

He has been a camera club member for 50 years and is an Hon. Life member of Spectrum (Guernsey) who he represented at the Southern (Counties) Photographic Federation for many years, twice President, their Rep on the Photographic Alliance of Great Britain and Secretary to their Awards system. He was President of the PAGB (2013/2015) and, in 2016, awarded Hon.PAGB for his services to UK club photography.

Leo classes himself as a “jobbing amateur photographer” photographing whatever takes his fancy. In recent years he has shown a special interest in environmental portraiture and natural history subjects, many of which were taken on his Annual visits to India.

He has judged numerous National and International Exhibitions and is also a keen Exhibitor himself with a modicum of success. His “talks” - he hesitates to call them presentations or lectures - are in great demand as they appeal and encourage club members to realise that they do not have to be an expert to produce interesting images.

Throughout his “photographic” journey (including when he was PAGB President) his mantra has been ‘Photography should be fun!’ because he thinks so many photographers take themselves far too seriously.

**To-days “Talk”**

Leo has titled this talk “Finale (o) as, unfortunately it looks as if his days of long distance travel are over - even if he defied the Medics he could not find the insurance premium (despite his Surname). So he has done his usual thing of throwing images together, in no particular order and with no theme. It has been his sole aim to encourage other photographers that you can survive in this cutthroat hobby with mediocre images and a sense of humour.

## Kingswood Salver Entry Form
